

NARRATIVE

TO: Hamid Yavari
FROM: Tracey Hiltunen
DATE: May 19, 2022

Facility Name: **Tremco CPG Inc.**
AIRS No.: 215-00130
Location: Columbus, GA (Muscogee County)
Application #: 28411
Date of Application: May 13, 2022

Background Information

Tremco CPG Inc. is a synthetic stucco manufacturing facility located at 4827 Milgen Road in Columbus Georgia. The facility is located in Muscogee County and is considered a true minor source because emissions of all pollutants from this facility are less than the Title V major source threshold. The facility currently operates as Dryvit Systems, Inc. under Permit No. 3299-215-0130-B-01-0 issued on October 17, 2006.

Purpose of Application

Application No. 28411 was received on May 16, 2022 and was submitted to document a name change from Dryvit Systems, Inc. to Tremco CPG Inc. effective March 1, 2022. No other changes have been made at the facility. A public advisory is not needed for this administrative change.

Summary & Recommendations

I recommend issuing Air Quality Permit No. 3299-215-0130-B-01-1 to Tremco CPG Inc. for the synthetic stucco manufacturing facility located in Columbus, Georgia. This permit documents a facility name change from Dryvit Systems, Inc. to Tremco CPG Inc. No new conditions were added to the permit and no existing conditions were deleted from the current permit. The facility continues to be a true minor source with respect to Title V. EPD's West Central District (Macon office) will continue to be responsible for facility inspections and compliance oversight. A public advisory is not needed for this administrative change.
